DIGITAL EQUIPMENT CATALOG

VETERINARY DENTAL EQUIPMENT

Meeting and exceeding the needs of veterinary dentistry since 1988.

At Dentalaire, we understand the importance of being able to provide quality veterinary care, especially when it comes to an animal's dental health.

With that in mind, it is **our vision to be the preeminent dental supplier in the veterinary market**. By offering new and innovative products and partnering with key dental professionals across the country, we are quickly nearing this goal.

From dental stations to imaging systems, we strive to provide veterinarians and dental professionals with the resources and equipment needed to help grow and improve their veterinary dentistry department, while also exceeding industry standards.

DTX Imaging System

Designed specifically for veterinary dentistry, the [DentalAire DTX Imaging System](#) includes essential products needed to capture high-quality dental images of patients.

With more than half of a patient's tooth below the gumline, taking dental x-rays with digital sensors enhances patient care and helps clinics properly diagnose and treat each patient.

DentalAire's DTX Imaging System is a bundled imaging package that was created to enhance your imaging needs, with lifetime phone and web-based support.

- Different size options for digital sensors
- Mouth prop kit to prevent accidental bites to the sensor
- Sensor boots for size 2 sensor to use as a positioning aid
- Sensor sleeves to protect sensors
- Innovative and customizable DTX Dental Software

DTP70001

DTP70002

Item Number	Description
DTP7000	DTX Digital Imaging System with Size 1 and 2 sensor
DTP70001	DTX Digital Imaging System with Size 1 sensor
DTP70002	DTX Digital Imaging System with Size 2 sensor
DTP700022	DTX Digital Imaging System with Size 4c sensor

- Direct e-mailer, image burner, and auto-route to multiple PACS
- Go from examination image to extraction procedure
- Auto full screen after capture
- Anatomically correct display on capture and view screen
- Advanced image comparison and image tagging functionality
- Efficient and improved installation process
- Real-time filters, advanced image labeling and enhancements
- Unique customization features
- Unlimited phone and web-based support
- Unmatched DICOM capabilities, including MWL query and auto-routing to PACS to quickly access and customize patient reports

DTX Digital Sensors

Available in 3 different sizes, the **DTX Digital Sensors** help produce high-quality images while also improving the overall quality of care for each patient.

- Direct USB eliminates connections and improves durability
- Waterproof and hermetically sealed housing is cold sterilizable and eliminates damage from bodily fluids
- High-quality CMOS chip, fiber optic plate, and CSI scintillator for superior image quality
- Patented top corner shape for easy positioning on molars
- Patented photodiode to automatically control over exposure
- DentalAire Sensor Replacement Program
- 3 year warranty*

Learn about our
Sensor Replacement Program

DentalAire DTX Sensor Replacement Program

- If the existing sensor is not covered by warranty, we offer a **NEW** replacement sensor at a discounted price, with no expiration date.
- If your sensor malfunctions due to manufacturers' workmanship during the 3-year warranty period, we will replace the sensor under our standard warranty replacement process.
- No upfront costs
- Sensor is latest model (not refurbished) with new warranty.
- No expiration date
- Discounted price from suggested retail with trade-in
- Sensor Replacement Program covers: accidental damage to sensor, sensor casing or cable, unusual wear and tear, improper cleaning or disinfecting of the sensor, cable, or cable connector

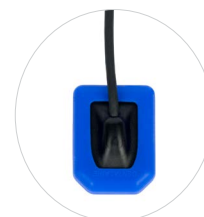

Item Number	Description
DTP700010	Size 1 Replacement Sensor
DTP700011	Size 2 Replacement Sensor
DTP700021	Size 4c Replacement Sensor

Sensor Boot

Designed to protect your size 2 sensor and aid in your positioning. Autoclavable and sterilizable

- Bright blue color for placement detection
- Grip for traction between teeth

Item Number	Description
DTP61613	DTX size 2 sensor boot

**digital sensor not included*

Sensor Sleeves

- Sleeve acts as a barrier between the sensor and patient's mouth
- Helps prevent scratches to the sensor
- Disposable and easy application

DTP61614

Item Number	Description
DTP61610	Size 2 Sensor Sleeves, 500 per box
DTP61614	Size 4c Sensor Sleeves, 500 per box

Mouth Props

- Used during a digital dental imaging procedure
- Provides bite prevention
- Autoclavable and sterilizable
- Available in sizes small, medium, and large

Item Number	Description
DTP61615	Small Mouth Prop
DTP61616	Medium Mouth Prop
DTP61617	Large Mouth Prop
DTP61618	Mouth Prop Kit, Set of Three (small, medium, and large)

DC X-ray Generator

The **DentalAire DC X-ray Generator's** ergonomic and modern design was built for veterinary demand. With high-resolution imaging, the DC X-ray Generator enhances patient care and provide clear images.

As clinic space and design can vary, the DC Generator is available in both a wall-mount and mobile version to meet your exact needs.

- Shorter exposure times and reduced dose
- Veterinary-specific selections including exotic and extremity
- 0.4 mm focal spot
- Full-size LCD display with adjustable brightness
- Adjustable kVp for maximum contrast adjustment
- High-frequency DC technology
- Clear tube cone allows for grasp and detection of sensor
- Long reach arm with frictionless joints
- Works seamlessly with DentalAire sensors
- Exposure can be made from the touch screen or wired exposure button
- Optional laptop tray (sold separately)
- 2 year warranty

Mobile

Item Number	Description
DTP50001	Mobile DC Generator
DTP61305	Mobile x-ray on-site installation
DTP50006	Laptop Tray for Mobile DC Generator

Wall Mount

Item Number	Description
DTP50002	DC Generator with 30 cm extension arm
DTP50003	DC Generator with 60 cm extension arm
DTP50004	DC Generator with 80 cm extension arm
DTP50005	DC Generator with 100 cm extension arm
DTP61304	Wall mount x-ray on-site installation
DTP60808	Laptop Tray for Wall Mount DC Generator

Dental Positioning Training

Item Number	Description
DTP700018	On-site Dental Positioning Training (4 hours)

Handheld Portable X-ray Generator

The **DentalAire Handheld Portable X-ray Generator's** lightweight design increases mobility and provides high-quality images. The included neck strap helps the operator when using the generator to prevent falls and accidental damage, while also reducing arm fatigue.

- 0.4 mm focal spot
- Ergonomic camera-type design
- 4.4 pounds
- Permanently attached backscatter shield
- Included storage case
- 1 year warranty*

Item Number	Description
DTP61307	Handheld X-ray Generator

Complete Imaging Systems

Complete your imaging system with the **DentalAire Complete Imaging System**. It is designed to seamlessly work together in your clinic to improve your workflow and optimize performance. DentalAire also offers technical support for all components of the system.

Included in the Complete Imaging System is:

- X-ray generator of your choice
- DTX software
- Size 2 sensor
- Laptop
- Unlimited phone and web-based support

Wall Mount

Item Number	Description
DTP60811	30 cm arm wall mount generator, laptop, size 2 sensor, DTX software
DTP60812	60 cm arm wall mount generator, laptop, size 2 sensor, DTX software
DTP60813	80 cm arm wall mount generator, laptop, size 2 sensor, DTX software
DTP60816	100 cm arm wall mount generator, laptop, size 2 sensor, DTX software

Mobile

Item Number	Description
DTP61310	Mobile DC Generator, laptop, size 2 sensor, DTX software

Handheld

Item Number	Description
DTP60815	Handheld Generator, laptop, size 2 sensor, DTX software

DTX CR Reader

The **DentalAire DTX CR Reader** helps optimize the workflow of your practice with rapid, high-quality readings of reusable dental imaging plates.

- Easy-to-use LCD touch screen interface
- Included DTX software
- Easy-to-position bite-wing & intraoral imaging plates
- Built-in erase function
- Software optimizes acquisition, processing & management
- Supports both Ethernet & USB connections
- Auto-calibration ensures stability & consistency

Item Number	Description
DTP710026	DentalAire CR Reader with DTX software

Imaging Plates

Item Number	Description
DTP710027	Size 0 Imaging Plate Kit Contains: 4 IP
DTP710029	Size 1 Imaging Plate Kit Contains: 4 IP
DTP710022	Size 2 Imaging Plate Kit Contains: 4 IP
DTP710023	Size 4c Imaging Plate Kit Contains: 4 IP

Hygienic Bags

- Help protect the imaging plates
- Easy to use - loading, sealing, and opening

Item Number	Description
DTP710028	Hygienic Bags Size 0 box of 100 pcs
DTP710030	Hygienic Bags Size 1 box of 100 pcs
DTP710024	Hygienic Bags Size 2 box of 100 pcs
DTP710025	Hygienic Bags Size 4c box of 100 pcs

DTX IO Camera

The **DTX IO Camera** has a professional curved optical lens and a curved design for easier photo shots. It captures crisp, clear images while eliminating distortion.

- Interfaces with DTX Dental Imaging System
- 6 LED lights for high-illumination
- USB 2.0 with 2.5m cable length
- 1 year warranty

Item Number	Description
DTP00191	DTX IO Camera

DTX Laptop

Item Number	Description
LAPTOP	DentalAire DTX Laptop

Sani-Cloth® Wipes

- Free from alcohol, fragrance, bleach, acid, phenol, acetone, and ammonia
- Effective against 45 clinically relevant microorganisms
- Compatible with a broad range of hard non-porous surfaces and equipment
- Wipe size: 6" x 6.75"
- 160 wipes per can

Item Number	Description
DTP10487	Sani-cloth ® AF3 Germicide Wipes

DIPLOMATE STANDARD

Prestige Dental Station

The **Prestige Dental Station** is a popular mobile dental station that is known for its reliability, internal storage, and pneumatic height adjustment.

- Equipped with high-quality handpieces to enhance patient care: **New** LED high-speed swivel handpiece, low-speed handpiece, LED Piezo Scaler, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophylaxis paste, PetSoft Pro™ snap-type prophylaxis cups, snap-on prophylaxis angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- Offers telescopic height adjustment from an operating height of 38 1/4" down to 30" for storage purposes when not in use
- Hassle-free quick disconnect pressurized water connection
- Standard Midwest 4-hole connection for optimal versatility, performance, and convenience
- Oil, oil-less, or no compressor option designed to meet a clinic's specific needs and requirements
- Asepsis design with controls located on the side panel
- Dimensions: 38 1/4" - 30" h x 22 1/2" w x 24 1/4" - 22" d
- 2 year warranty*

DTP00511

Item Number	Description
DTP00511	Prestige Dental Station with Oil Compressor
DTP00511-OL	Prestige Dental Station with Oil-less Compressor
DTP00512	Prestige Dental Station with No Compressor

Ultimate Dental Station

The **Ultimate Dental Station** has a large workspace area that includes a removable stainless-steel tray which can be used to place dental instruments and supplies.

- Equipped with high-quality handpieces to enhance patient care: **New** LED high-speed swivel handpiece, low-speed handpiece, Piezo Scaler, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophy paste, PetSoft Pro™, snap-type prophy cups, snap-on prophy angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- Offers manual height adjustment from an operating height of 40" down to 26.5" for storage purposes when not in use
- Hassle-free quick disconnect pressurized water connection
- Standard Midwest 4-hole connection for optimal versatility, performance, and convenience
- Oil, oil-less, or no compressor option designed to meet a clinic's specific needs and requirements
- Dimensions: 40" - 26.5" h x 22" w x 22" d
- 1 year warranty

DTP00509

Item Number	Description
DTP00509	Ultimate Dental Station with Oil Compressor
DTP00509-OL	Ultimate Dental Station with Oil-less Compressor
DTP00510	Ultimate Dental Station with No Compressor

Basic Dental Station

The **Basic Station** can easily move around your veterinary practice when space is limited. With this station, a clinic can use their air source or it can be paired with the DentalAire compressor.

Its portability and simplicity make it ideal for clinics looking to maximize small spaces.

- Equipped with high-quality handpieces to enhance patient care: **New** LED high-speed swivel handpiece, low-speed handpiece, built-in LED ultrasonic scaler, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophylaxis paste, PetSoft Pro™, snap-type prophylaxis cups, snap-on prophylaxis angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- One compact 2-liter water bottle system to maximize convenience and portability
- Hassle-free quick disconnect pressurized water connection
- Standard Midwest 4-hole connection for optimal versatility, performance, and convenience
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- 1 year warranty

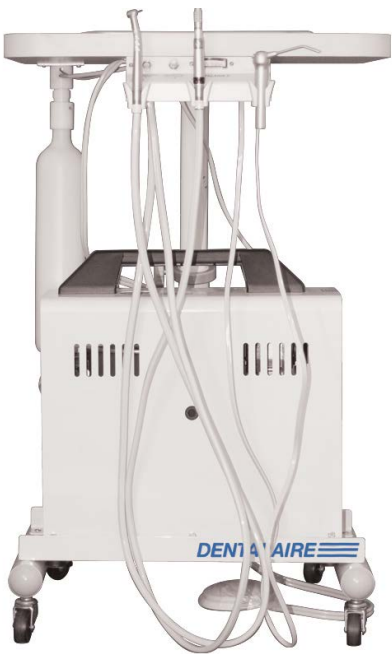

Item Number	Description
DTP00497	Basic Dental Station

Dentaire II Station

The **Dentaire II Station** includes a removable stainless-steel tray that can be used to place dental instruments and supplies.

- Equipped with high-quality handpieces to enhance patient care: high-speed handpiece, low-speed handpiece, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophy paste, PetSoft Pro™, snap-type prophy cups, snap-on prophy angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- Standard Midwest 4-hole connection for optimal versatility, performance, and convenience
- Oil or no compressor options designed to meet a clinic’s specific needs and requirements
- 1 year warranty

DTP00495

Item Number	Description
DTP00495	Dentaire II Station with Oil Compressor
DTP00494	Dentaire II Station with No Compressor

Diplomate Standard Wall Mount

The **Diplomate Wall Mount Dental Station** is our most advanced wall-mount dental system. With a flip-top delivery system, it allows for the internal components to be easily accessible. The flex arm system provides more flexibility and efficiency when in need of a space-saving solution.

- Equipped with high-quality handpieces to enhance patient care:
New LED high-speed swivel handpiece, low-speed handpiece, LED Piezo Scaler, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophylaxis paste, PetSoft Pro™, snap-type prophylaxis cups, snap-on prophylaxis angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- Side-mounted control adjustments
- 3-way syringe with quick change autoclavable tip
- Asepsis flex arm system with pneumatic brake, 52" reach, 27" vertical travel
- Soft touch variable speed foot control
- Dual 2-liter water bottles with wall mount or post mount option
- Nitrogen or compressor air-driven
- 2 year warranty*

DTPJ-3300

Item Number	Description
DTPJ-3300	Diplomate Wall Mount Standard Style with Oil Compressor
DTPJ-3300-OL	Diplomate Wall Mount Standard Style with Oil-less Compressor
DTPJ-3300-NC	Diplomate Wall Mount Standard Style with No Compressor
DTPJ-3300-P	Diplomate Wall Mount Standard Style with Plumbed Air/Water Regulators
DTPJ-3300-PC	Diplomate Wall Mount Standard Style with Plumbed Air/Water Regulators Plus Compressors

Diplomate Basic

The **Diplomate Basic** is a wall-mount dental station that provides flexibility and efficiency for veterinary practices in need of space-saving solutions. With customizable scissor arms, it can efficiently fit into your clinic.

- Equipped with high-quality handpieces to enhance patient care: **New** LED high-speed swivel handpiece, low-speed handpiece, LED Piezo Scaler, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophylaxis paste, PetSoft Pro™, snap-type prophylaxis cups, snap-on prophylaxis angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- Standard Midwest 4-hole connection
- Included Vet Package
- One (1) - 2-liter water bottle
- 1 year warranty

Item Number	Description
DTP00705	Diplomate Wall Mount Basic with Oil Compressor

Three Handpiece Wall Mount Unit

- **New** LED swivel high-speed handpiece, low-speed handpiece, Piezo Scaler, and air/water syringe
- Variable speed foot control
- Mix and match any two arm lengths (6", 12", 16") or the standard option that includes 2 - 12" arms
- Available in scissor configuration or single-arm
- Included Vet Package
- One (1) - 2-liter water bottle
- 1 year warranty

Item Number	Description
DTP00603	Three Handpiece Wall Mount Unit with Oil Compressor
DTP00603-OL	Three Handpiece Wall Mount Unit with Oil-less Compressor
DTP00603-LED	Three Handpiece Wall Mount Unit with LED Scaler
DTP00603-LED-NC	Three Handpiece Wall Mount Unit with LED Scaler and No Compressor
DTP00603-NHP-NC	Three Handpiece Wall Mount Unit with No Handpieces and No Compressor

Two Handpiece Wall Mount System

- Equipped with high-quality handpieces to enhance patient care: high-speed push button handpiece, low-speed handpiece, and air/water syringe
- One compact 2-liter water bottle system to maximize convenience and portability
- Standard Midwest 4-hole connection for optimal versatility and performance
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- Included Vet Package
- 1 year warranty

Item Number	Description
DTP00600	Wall-Mounted Two Handpiece System without Compressor
DTP00601	Wall-Mounted Two Handpiece System with Compressor

Two Handpiece Table Mount System

The **DentalAire Table Mount System** can be clamped onto a table or other similar surfaces. Because this unit can clamp onto things such as tables, it is a popular style for labs.

- Stainless steel tray
- High-speed push button handpiece, low-speed handpiece, and water/air syringe
- One (1) - 750ml water bottle
- Variable speed foot control
- Included Vet Package
- 1 year warranty

Item Number	Description
DTP00607	Table Mounted Two Handpiece System without Compressor
DTP00608	Table Mounted Two Handpiece System with Compressor

DentalAire Olympic Wet Vet Table Dental Station

The **DentalAire Olympic Wet Table Dental Machine** is specifically made for the Olympic Wet Table. It easily attaches to the wet table to aid in dental cleanings.

- Equipped with high-quality handpieces to enhance patient care: **New** LED swivel high-speed handpiece, low-speed handpiece, LED Piezo scaler and air/water syringe
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- Two (2) - 2 liter water bottles
- Standard Midwest 4-hole connection for optimal versatility, performance, and convenience
- Included Vet Package
- Oil compressor

*Olympic wet table not included

Item Number	Description
DTP00700	Olympic Wet Table Dental Machine
DTP00700-NC	Olympic Wet Table Dental Machine with No Compressor

Countertop II Station

The **DentalAire II Countertop Unit** is a two-handpiece system.

- Equipped with high-quality handpieces to enhance patient care: high-speed push button handpiece, low-speed handpiece, and air/water syringe
- All dental stations come with the **Dental Vet Package** that includes mint prophylaxis paste, PetSoft Pro™, snap-type prophylaxis cups, snap-on prophylaxis angles, bur starter pack, o-ring for tank drain, and handpiece cleaner and lubricant.
- One compact 750ml water bottle system to maximize convenience and portability
- Durable handle to improve portability and make it easier to carry dental station
- Standard Midwest 4-hole connection for optimal versatility and performance
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- 1 year warranty

Item Number	Description
DTP00500	DentalAire II Countertop Station with Oil Compressor
DTP00500-OL	DentalAire II Station with Oil-less Compressor

Countertop III Station

The **DentalAire III Station** is a three-handpiece system.

- Equipped with high-quality handpieces to enhance patient care: high-speed handpiece, low-speed handpiece, Piezo Scaler, and air/water syringe
- Variable speed foot control to improve ergonomics and help enhance performance with procedures and dental cleanings
- Standard Midwest 4-hole connection for optimal versatility and performance
- One compact 750ml water bottle system to maximize convenience and portability
- Durable handle to improve portability and make it easier to carry dental station with oil compressor
- Dimensions: 19" h x 11" w x 18" l
- Included Vet Package
- 1 year warranty

Item Number	Description

DA50-9D3	DentalAire Oil-less Compressor

Oil-less Compressor with Dryer and Silencing Cabinet

- Noise Level: 52 Decibels
- Tank Size: 13 Gallons
- Dimensions: 29x23x32
- Weight: 207 lbs

Item Number	Description
DA2/50/379	1.5 HP Oil-less Compressor with Dryer and Silencing Cabinet 110V

Oil-less Compressor with Dryer

- H.P: 1.5
- Voltage: 110/60, 230/50, 230/60
- Output: 6.7 CFM / 190 LPM
- Max Pressure: 120 PSI
- Operating Pressure: 90-120 PSI
- Noise Level: 72 decibels
- Tank Size: 13 gallons
- Dimensions: 18 x 26 x 35
- Weight: 119 lbs

Item Number	Description
DA2/50/37	1.5 HP Oil-less Compressor with Dryer 110V

Oil Compressor Maintenance Kit

The **Compressor Maintenance Kit** is ideal for all DentalAire oil-compressors to help maintain and ensure the compressor is running efficiently.

- 22 oz oil bottle
- Drain tank o-ring
- Metal glass o-ring
- Oil fill plug o-ring
- Air intake filter element

Item Number	Description
C00PM	Compressor Maintenance Kit
DTP11310	Compressor Oil 22 oz Only

Water Distiller

A reliable source for high-quality distilled water.

- Voltage: 100 - 240V
- Distiller water: 1.5 L/H
- Frequency: 50 - 60 HZ
- Weight: 3.5kgs (7.72 lbs)
- 1 year warranty

Item Number	Description
DTP00650	Water Distiller 4L

Pump Up Water Bottle System

Portable water tank with built-in hand pump for distilled water or medicated solution.

- 1-gallon capacity

Item Number	Description
DTP00773	Pump Up Water Bottle System

Water Bottle Cartridge

Dental unit waterline treatment cartridges that deliver clean water to staff for 1 year or 240L of water.

- Elemental iodine in DentaPure contains no allergenic proteins
- Safe and effective uninterrupted waterline treatment

DTP365M

Item Number	Description
DTP365B	365 Independent Water Bottle Cartridge
DTP365M	365 Municipal (City) Water Bottle Cartridge

DTP365B

Water Bottles

Item Number	Description
A10-002	Water Bottle 750ml
A110-003	Water Bottle 2 Liters

Sterident Vacuum System

Efficient, adjustable motor speed can evacuate indefinitely at the rate of 75 cfm or can be adjusted.

- Compact (13" x 16" x 26")
- Easy maintenance
- Non-corrosive canister
- Cleans efficiently
- Equipped with automatic overflow shut-off
- Motor: 1 year warranty

Item Number	Description
DA8009PD	Sterident Port-Dent II Mobile Evacuation Unit

AVS Vacuum System

- Self-contained air-powered vacuum system
- For optimal use, dual user compressor should be ordered

Item Number	Description
AVS	AVS Vacuum System

HANDPIECES

LED HIGH-SPEED

FIBER-OPTIC HIGH-SPEED

LOW-SPEED

HANDPIECE LUBRICANT

LED Swivel High-speed Handpiece

- Triple water spray cools the entire surface of the bur to avoid overheating
- Built-in generator
- Push button mini head
- Innovative micro-generator
- 410,000 RPM

Item Number	Description
DA400LEDMH	LED Swivel High-speed Handpiece, Mini Head

DA400LEDMH

Fiber-Optic High-speed Handpieces

- Fiber-optic light
- Push button
- 400,000 RPM

Hygienist Low-speed

- 5,000 RPM
- U-type nose
- ISO 4-holes
- Push/Pull chuck system

DA600HA

Item Number	Description
DA600HA	Hygienist Low-speed Handpiece

Lube-Free Low-speed

- Speed-adjusting ring controls the speed and direction of the motor
- Swivels 360 degrees
- Straight nose cone
- 5,000 RPM

DA700A

Item Number	Description
DA700A	Lube-Free Low-speed Handpiece

Standard Low-speed

- Opening and closing chuck system and reverse
- ISO 4-holes
- U-type nose
- 5,000 RPM

DA600A

Item Number	Description
DA600A	Standard Low-speed Handpiece

Low-speed

- Accepts standard straight handpiece burs, contra-angles, and disposable prophyl angles
- 360° swivel feature prevents tube twisting and back-end drag
- Forward and reverse rotational control
- ISO 4-holes
- 5,500 RPM

DA500A

Item Number	Description
DA500A	Low-speed Handpiece

E-Type Straight Nose Cone

- 40,000 RPM
- Applicable bur: HP type ISO standard

Item Number	Description
DA2500SNC	E-type Straight Nose Cone

E-type Air Motor

- 20,000 RPM
- Applicable bur: HP type ISO standard

Item Number	Description
DA2500EM	E-type Air Motor

Contra Angle - Latch Type

- 15,000 RPM
- U-type contra angle
- Applicable bur: CA type ISO standard

Item Number	Description
DA553UL	Contra Angle - Latch Type

Contra Angle - Friction Grip

- 15,000 RPM
- U-type coupling
- Applicable bur: FG type ISO standard

Item Number	Description
DA557FG	Contra Angle - Friction Grip

E-type Contra Angle - Latch Type

- 20,000 RPM
- ISO standard (E-type)
- Applicable bur: CA type ISO standard

Item Number	Description
DA2500ECA	E-type Contra Angle - Latch Type

Sonic Air Scaler Handpiece

- Controlled water spray system
- Helps remove deposits, stains, and calculus
- Includes 3 scaler tips

Item Number	Description
DA7000AS	Sonic Air Scaler Handpiece

Handpiece Lubricant

- Promotes smoother operating sound
- Helps the handpiece perform efficiently
- Extends the longevity of handpiece

Item Number	Description
DA100PL	Pen Handpiece Lubricant 1/4 oz
DA100JP	All-in-one Handpiece Cleaner and Lubricant
DA100MC	Air Motor Cleaner

DA100JP

DA100PL

Gaskets for Handpieces

Item Number	Description
DA500GAS	Gasket for Fiber-optic Handpiece
DA400GAS	Gasket for 4-hole Handpieces

DA400GAS

DA500GAS

Smart Kit®

- Removes water and biofilm buildup
- Minimizes delays and maximizes clinic productivity
- Prevents initial residue/particle build-up
- Fits Midwest standard connection and e-type contra-angle handpieces

What's Included:

1

Smart Cleaner®

- Tool for clearing blockages in handpieces and quick coupling

2

Smart Connect®

- Adaptor for contra-angle handpiece (E-type) with internal water

3

Smart Cupper®

- Specialized tool for isolated blockages in multi-hole handpieces

Item Number	Description
DTP45344	Smart Kit®, Handpiece Water Line Cleaner

Turbine Parts and Accessories

Item Number	Description
DA400LED LG TURB	Turbine Replacement Standard Replacement Cap
DA400MHTURB	Turbine Replacement for DA400LEDMH
DA400RCA	Push Button Replacement Turbine with Cap
DANSK-A485	Turbine only
DA400CH	Replacement Chuck for Standard Turbine

DA400 LG TURB

DA400MHTURB

SCALERS AND MICROMOTORS

NEWTRON P5 WITH LED

LM ERGO VET SCALER

PIEZOTOME® CUBE

COCOON SPRAY

LM Ergo Vet Scaler

The **ErgoVet Scaler** offers ultrasonic solutions not only for traditional scaling and periodontics, but also for endodontics. It is an effective piezoelectric scaler in one versatile and ergonomic appliance.

The device's LED lights, advanced electronics, quality, and high-durability LM-DuraGradeMAX tips enhance the execution of procedures. Ergonomically designed LM-ErgoGrip handpieces with soft silicone offer a comfortable, relaxed grip.

- Removes biofilm and calculus on teeth and other dental work where the ultrasonic vibration is beneficial
- Piezo-electric technology
- Dynamic foot pedal for control and power adjustment
- Autoclavable handpiece
- LM-DuraGradeMax super steel tips
- Includes: handpiece and tubing, 3 scaling tips, 3 LM-ErgoGrips, and 3 torque wrenches
- Optimized LED lights
- Automatic cleaning function
- 270mm L x 140mm W x 165mm H
- 1 year warranty

Item Number	Description

DTP00798	P7 Ultrasonic Scaler (Scaler/Perio Endo)

Newtron® P5 with LED

Newtron P5 preserves the teeth and the soft tissue with controlled ultrasonic vibrations, specific quality of the steel of the tips, and irrigation that reaches the end of the tip. Linear and regular vibrations make treatments more comfortable for the patient.

- Flat glass surface
- Watertight and hygienic
- Removable power knob
- Adjustable, autoclavable handpiece holder
- Connects to water supply via Quick-Connect
- Unit contains: Newtron slim handpiece, white LED ring, 3 tips (#1,10Z, #H3), blue dynamometric wrench (2), green dynamometric wrench (1), autoclavable plastic box
- 2 year manufacturer warranty
- 90 day scaler tip manufacturer warranty

Item Number	Description
DTP00797	Newtron® P5 with LED

Newtron® Booster

Newtron® Booster preserves the teeth and the soft tissue. The perfectly controlled ultrasonic vibrations allow precise and gentle treatments. With the specific quality of the steel of the tips, it preserves the anatomy and enamel.

- Automatic and continuous frequency adjustment
- Linear and regular vibrations
- Total irrigation control
- Color Coding System that associates each tip color ring with one of the 4 power ranges
- Includes: Newtron slim handpiece, 3 tips (#1, #2, #10P), Blue dynamometric wrench (3), Autoclavable plastic box
- 2 year manufacturer warranty
- 90 day scaler tip manufacturer warranty

Item Number	Description
DTP00795	Newtron® Booster

Cocoon Spray

The **Cocoon Spray** brings high-performance compact equipment to veterinary dentistry. This model is equipped with piezoelectric technology.

- Combination scaler and electric polisher
- Rapidity: mechanical elimination of deposits assisted by cavitation
- Instrument Control: generating perfectly-controlled linear vibrations
- Power: self-regulated frequency (27 to 32KHz) for greater impact than pneumatic scalers
- Scaler: Compatible with both diamond-tipped and tungsten carbide burs
- Polisher: Spray cooling to avoid tissue necrosis and to remove debris
- Includes: #1 Universal, #2 Flat, #10P Shallow Pockets, Latch Type Contra Angle, Straight Nose Cone, Prophy Angle, Prophy Cups, Tip Wrench
- Performance: 40,000 RPM
- 2 year manufacturer warranty
- 90 day scaler tip manufacturer warranty

Item Number	Description
DTP24484V-K	Cocoon Spray, Combination Scaler/Electric Polisher

Piezotome® Cube

Piloted by advanced Newtron® technology, the **Piezotome® Cube** drastically improves the experience of dental procedures, while also improving the quality of care to patients.

- Faster, atraumatic and more predictable bone treatments
- Alternation between high and low-intensity frequencies
- Exclusive Tip Designs: Irrigation flow reaches the end of the tip regardless of orientation
- Minimal bone loss for a less invasive procedure
- Microbubbles releasing oxygen limiting the bleeding
- Autoclavable handpiece holder with 2 positions protecting from accidental fall
- Includes Bone surgery™ Kit and LC Extraction II Tip Kit
- 2 year manufacturer warranty*

DTPF50108

Bone surgery™ Kit

DTPF87509

- Intended for bone block grafting, cutting, scraping, and remodeling bone structures
- Included tips: BS1S, BS2L, BS2R, BS4, BS5, BS6
- 90 day scaler tip manufacturer warranty

LC Extraction II Tip Kit

DTPF87546

- Intended for extraction of teeth, fractured roots, impacted teeth, and root section
- Included tips: LC1, LC2, LC2L, LC2R, NINJA
- 90 day scaler tip manufacturer warranty

Item Number	Description

SCALERS & MICROMOTORS

Ram 1000 Micromotor

RAM 1000 Micromotor micro-torque control circuitry design provides smooth constant power at all speeds. It can be operated by hand or foot and goes from a crawl to 35,000 RPM.

- Operates in forward and reverse
- Comes with contra-angle with burs, a diamond disk cutting wheel, and 5 sealed ball bearings (3 in the front nose cone).
- Included Vet Package
- 1 year warranty

Item Number	Description
DTP103RMK	Ram Micromotor

Mystisa Portable Dental Polisher/Micromotor

The brushless motor can perform 10,000 hours or 5 times the life of traditional brush-type motors. It is virtually silent and has no vibration and the sealed motor keeps out all dust and debris. Operates in forward and reverse.

- Digital Color LCD Display Screen
- Battery Level Indicator
- Forward / Reverse
- 0-35,000 with Precise Digital Control
- Ergonomic Design
- Included Vet Package
- 1 year warranty

Item Number	Description
DTP104RMK	Mystisa Portable Dental Polisher/Micromotor

CONSUMABLES

BUR BLOCKS

Prophy Paste

Advanced formula, specifically made for veterinary dentistry. Helps maximize stain removal with minimal enamel loss.

With two different grit options, it makes it easier to tailor the cleaning process to each animal's specific needs when removing biofilm and stains.

- Splatter-free results
- Completely rinses out
- Leaves no residual grit
- Available in Coarse Grit (Medium) and Medium Grit (Fruit)

Item Number	Description
DTP00729	Mint Flavored Propphy Paste, Coarse Grit, 9oz
DTP00730	Fruit Flavored Propphy Paste, Medium Grit, 9oz
DTP00731	Individual Propphy Paste Cups, Fruit Flavor, Package of 100 Medium

Disposable Propphy Cups

- Each box contains 144 pieces
- Used to apply propphy paste for cleaning and polishing teeth
- Helps effectively remove stains

Item Number	Description
DTP00720	Snap-on Propphy Disposable Propphy Cups
DTP00670	Screw-on Propphy Disposable Propphy Cups
DTP00665	Latch-type Propphy Disposable Propphy Cups

Fluoride

Advanced fluoride formula, in gel or foam form to help protect teeth and discourage bacterial growth. This preventative treatment helps prevent cavities by strengthening the enamel.

- Quick application
- Anti-bacterial effect
- Available in foam or gel

Item Number	Description
DTP10521	Fluoride foam (vanilla), 4.4 oz
DTP10526	Fluoride gel (mint), 4.3 oz

Disclosing Solution

- Used to locate calculus or plaque on teeth
- Great for spot-checking thoroughness of prophylaxis

Item Number	Description
DTP10695	Disclosing Solution 2 oz.

Standard Disposable Propy Angles

- Individually packed to prevent cross-contamination
- For cleaning and polishing
- High elasticity, effective removal of stains

Item Number	Description
DTP10965	Disposable Propy Angles (Standard, Pack of 144)

twist™ Propy Angles

- Individually packed to prevent cross-contamination
- For cleaning and polishing
- High elasticity, effective removal of stains

Item Number	Description
DTP10967	twist™ Propy Angle (Soft, Bag of 100)
DTP10967-50	twist™ Propy Angle (Soft, Bag of 50)

Sparkle™ Disposable Prophylaxis Angles

- Beveled gear design runs vibration-free/noise-free
- Flared cup design improves subgingival access and reduces splatter, minimizing cross-contamination
- Light-colored angle with dark colored cup provides greater visibility.
- Single-use

Item Number	Description
DTP10966	Sparkle™ Prophylaxis Angle (Soft, Bag of 100)
DTP10970	Sparkle™ Prophylaxis Angle (Firm, Bag of 100)

DTP10966

True-Seal Prophylaxis Angle

- Sealed head to prevent water and debris from entering the handpiece
- For U-type nose
- Autoclavable and reusable
- 1 year warranty

Item Number	Description
DA10955	True-Seal Prophylaxis Angle, Snap on
DA10956	True-Seal Prophylaxis Angle, Screw-on

DA10955

DA10956

Economy Prophylaxis Angle

- For U-type nose
- Autoclavable and reusable
- 3 month warranty

Egg Trimming and Finishing

- 12 flutes: Controlled contouring and finishing

Item Number	DTP07408
Cat. No.	7408
Head Size	023
Head Length	3.5

Zekrya 23 Helical Flute

- Ideal for sectioning an impacted tooth prior to its extraction
- Use for separating roots and removing broken root stump
- Smooth vibration free cutting performance
- Pack of 3*

Item Number	Cat No.	Head Size	Head Length	Total Length
DTP07409	Zekrya23	016	11	23

Diplomate Bur Kit

Efficient solution for organizing dental burs. This set includes 20 of the most common burs used in veterinary dentistry, all in an autoclavable bur block.

Burs included:

- Round burs (#1/2, #1, #2, #4, #6)
- Cross-cut tapered fissure burs (#700, #701L)
- Two sizes of cylindrical diamond burs (feline, canine)
- Dura-white stones
- 12 extra sections for additional burs

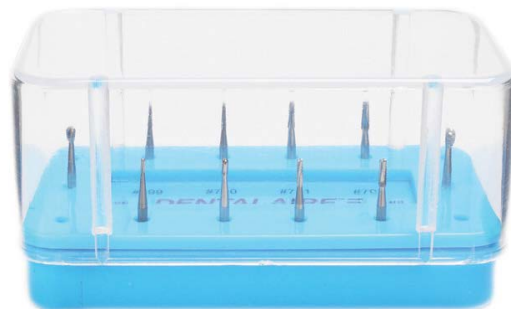

Item Number	Description
DTP10206	Diplomate Bur Block

Magnetic Bur Block with 10 Burs

This set features an autoclavable block and includes a lid for convenient storage. It comes with 10 included burs and an additional 4 empty sections to store additional burs.

Burs included:

- Tapered Fissure Cross-Cut (#699, #700, #701, #702)
- Pear (#330, #332)
- Straight Fissure Cross-Cut (#557, #558)
- Round (#6, #8)

Item Number	Description
DTP10201	Magnetic Rectangular Bur Block

Magnetic Bur Block, 7 Bur Capacity

- Autoclavable bur block
- Diameter: 1 - 5/8

Item Number	Description
-------------	-------------

DTP10205	Magnetic Bur Block, 7 Bur Capacity
----------	------------------------------------

Magnetic Bur Block, 28 Bur Capacity

- Autoclavable bur block
- Included lid (not autoclavable)
- Diameter: 2 - 13/14

Item Number	Description
-------------	-------------

DTP10204	Magnetic Bur Block, 28 Bur Capacity
----------	-------------------------------------

Diamond Disc Wheel with Mandrel

- Mounted on 2.35mm shank mandrel
- Disc shape: 358
- Size: 220
- Grit: Coarse
- Thickness: 0.19mm

Item Number	Description
-------------	-------------

DTP10626	Doubled Sided Diamond Disc Wheel with Mandrel
----------	---

Diamond Disc Shield

The disc shield protects operator from spinning diamond cutting disc.

- Designed to fit most straight nose cones

Item Number	Description

Diplomate Excavator

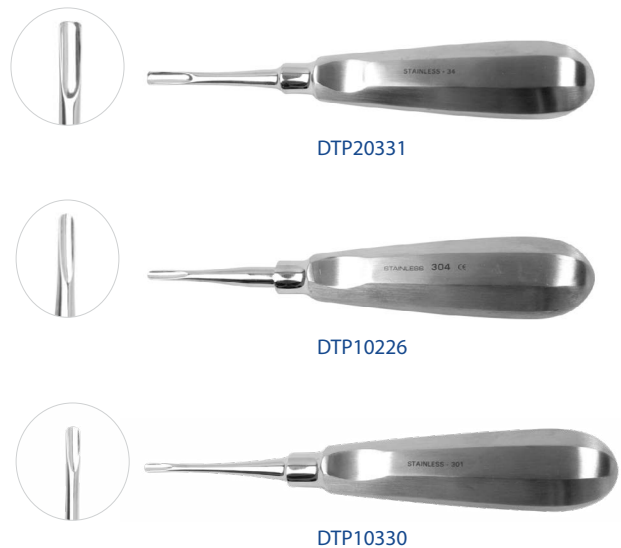

Item Number	Description
DTP00211	Diplomate Excavator #31L
DTP00212	Diplomate Excavator #33L Luxator

Regular Tip Elevators

- Blades from 1mm-5mm wide

Item Number	Description
DTP20331	Canine Elevator - Regular
DTP10226	Standard 304 Elevator - Regular
DTP10330	Standard 301 Elevator - Regular

V-Cut Tip Elevator

- Designed to guide it into the socket and cut the periodontal ligament, preventing it from slipping out and causing damage to the gingival tissue

Item Number	Description
DTP10331SM	Feline Elevator w/V-cut - Super Slim

Super Slim Tips

- Excellent for felines

Item Number	Description
DTP10331	Feline Elevator - Super Slim

Serrated Elevators

- Serrations help reduce slippage or rolling off the root of the tooth
- Helps grab the cementum of the sectioned tooth
- Great job of severing the periodontal ligament

Item Number	Description
DTP10338	Serrated Elevator #301
DTP10340	Serrated Mid-Size Elevator #46
DTP20332	Serrated Canine Elevator

DTP10338

Cryer Elevators

- Helpful in removing the caudal teeth in canines

Item Number	Description
DTP10361	Cryer Elevator #30
DTP10362	Cryer Elevator #31

DTP10361

DTP10362

Winged Elevators

Designed by [Dr. Robert Wiggs](#), these are exceptional and aid in secure extractions in both canines and felines.

- Spoon blade allows the instrument to enter the periodontal ligament space
- Sharp tip on the end of the blade
- Generates exceptional leverage between the tooth and surrounding bone when rotated
- Fits well into narrow interdental spaces between teeth

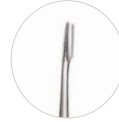

Diplomate Short Shank Winged Elevators

- Semi-circular blade shape adapts to the curved surfaces of roots
- Stainless steel
- Shorter grip

Item Number	Description
DTP10363	Diplomate Winged Elevator 1mm
DTP10364	Diplomate Winged Elevator 2mm
DTP10365	Diplomate Winged Elevator 3mm

DTP00300	Case Only for Winged Elevator

HAND INSTRUMENTS | PERIOSTEAL ELEVATORS

Periosteal Elevators

- Applied once an incision has been made with a scalpel on one or both ends of the diseased pocket to help elevate the gingiva and mucosa away

DTP10335

DTP10339

DTP10337

Item Number	Description
DTP10335	West #2 Perio Elevator
DTP10339	Molt #9 Perio Elevator
DTP10337	Freer #4 Small Perio Elevator

Molt #2/4 Double End

- One end is 2mm and the other is 4mm wide
- Slightly curved shape keeps the instrument on the surface of the bone
- Helps prevent tearing of the raised flap in both canine and feline

Item Number	Description
DTP10333	Molt #2/4 Perio Elevator Double End

Periosteotome Double End

- Most popular periosteal elevator
- Features small, delicate, and decisive straight ends
- Excellent for the gum flaps in both small canines and felines

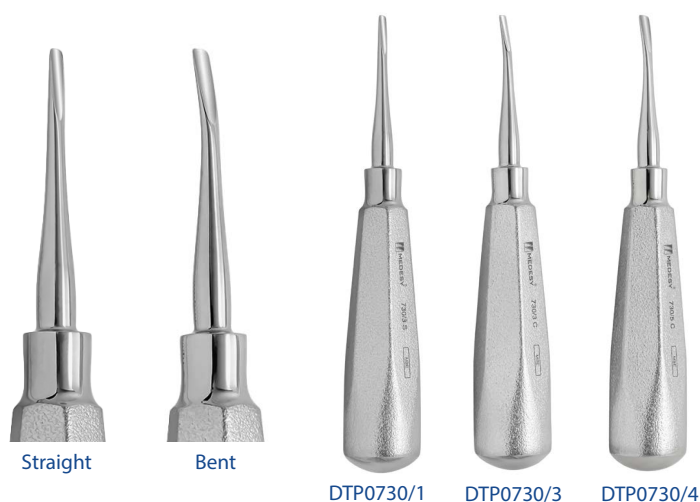

Item Number	Description
DTP453110	Periosteotome Double End

Luxators

These are specially designed with a fine sharp edge.

- Easy insertion into the sulcular space
- Used to sever the gingival attachment
- Utilized in canines with medium to large-sized teeth
- Reaches segments winged elevators may not

Item Number	Description
DTP0730/1	Luxator Straight 3mm
DTP0730/2	Luxator Straight 5mm
DTP0730/3	Luxator Bent Curve 3mm
DTP0730/4	Luxator Bent Curve 5mm
DTP0730/5	Luxators Set of 4

Diplomate Luxators

Item Number	Description
DTP13101	Diplomate Luxator Curved 1mm, Short Shank
DTP13102	Diplomate Luxator Curved 2mm, Short Shank
DTP13103	Diplomate Luxator Curved 3mm, Short Shank
DTP13104	Diplomate Luxator Curved 5mm, Short Shank

Levitators

The single-ended feline and canine levitators have a "V" cut into the end of the instrument. Easy insertion into the sulcular space

- Helps guide the tip into the socket
- Prevents instrument from slipping and causing damage to gingiva

Curved tips are indispensable for extracting curved-root teeth.

- Designed to follow the concave and convex curvatures of the teeth
- Helps prevent breaking roots

Item Number	Description
DTP00027	Single-ended Canine (Straight)
DTP00028	Single-ended Feline (Straight)
DTP00403	Single-ended Canine (Curved)
DTP00204	Single-ended Feline (Curved)

HAND INSTRUMENTS

Scissors

- Useful in lengthening and trimming the gingival flap

Item Number	Description
DTP20954	Gum and Tissue "S" Shaped Serrated Scissors (4 1/2")
DTP30960	Serrated/Curved Dean Scissors (7")
DTP30961	Diplomate Dean Scissors (6 3/4")
DTP13110	La Grange Scissors (4 3/4")

DTP30960

DTP30961

DTP13110

Mouth Mirrors

- Helps to see around teeth and gum by reflecting an image of the hidden area
- Can be used to direct light onto specific areas

Item Number	Description
DTP11316	Diplomate Silk Mouth Mirror
DTP10545	Dental Mouth Mirror, Size #4

DTP11316

DTP10545

Probes and Explorers

Periodontal probes and explorers are detection instruments.

- Probe is used for measuring the depth of periodontal pockets
- Explorer is used to detect calculus

Item Number	Description
DTP11390	Explorer/Probe #1/23
DTP00012	Perio-probe, Single End #3-6-9-12
DTP00015	Perio-Probe, Single End #3-6-9-12-15

DTP00015

DTP11291

Niemiec Exploration Probe

The color-coded bars assist in concise and visible periodontal pocket diagnostics, with red (6 mm) indicating severity and required advanced treatment.

- Developed by Dr. Niemiec
- Green: If this color is not visible upon a gingival probing during a feline oral exam, a (pathologic) periodontal pocket is present.
- Blue: If this color is not visible upon a gingival probing during a canine oral exam, a (pathologic) periodontal pocket is present.
- Red: Indicates severe problem requiring advanced treatment

Item Number	Description
DTP11324	Niemiec Expro, Color Coded

Extraction Forceps - Right Angle

- Excellent for small incisors and caudal teeth

DTP13914

Item Number	Description
DTP13914	Extraction Forceps - Right Angle (5 1/2")

Fragment Forceps - Angular

- Used for broken root fragments and some small delicate teeth, such as incisors of felines

Item Number	Description
DTP20379	Fragment Forceps - Angular (5")

Tartar Remover Forceps

- Designed to remove heavy deposits of calculus from the teeth

Item Number	Description
DTP11305	Tartar Remover Forceps - Small (4 1/2")
DTP11307	Tartar Remover Forceps - Large (5 1/2")

DTP11305

DTP11307

Rongeur Forceps

- Ideal for small feline teeth
- Break tips are flat and close completely

Item Number	Description
DTP10644	Rongeur Forceps - Small (4 1/2")
DTP20644	Rongeur Forceps - Medium (5 1/2")

DTP10644

DTP20644

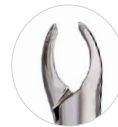

Small Forceps

- Excellent for grasping small teeth, especially in felines

Item Number	Description
DTP10645S	Small Extracting Forceps Straight (4 1/2")
DTP10645	Small Extracting Forceps Curved (4 1/2")

DTP10645S

DTP10645

Large Forceps

- Useful for large canine teeth, premolars, and molars

Item Number	Description
DTP20645	Large Extracting Forceps (6 1/2")

DTP20645

Needle Holders

Item Number	Description
DTP11325	Castroviejo Needle Holder w/ Scissor
DTP11327	Olsen-Hegar STR T/C 15cm

DTP11325

Root Tip Picks

- Useful for removing small pieces of broken root tips

Item Number	Description
DTP10175	Root Tip Pick #78 - Straight
DTP10176	Root Tip Pick #79 - Left Angle
DTP10177	Root Tip Pick #80 - Right Angle
DTP10178	Root Tip Pick - Set of 3

DTP10175

DTP10176

DTP10177

Instrument Trays

- Enhance instrument organization

Mouth Gag

- Do not autoclave

Item Number	Description
DTP42254	Large Mouth Gag, 7"
DTP42250	Canine Mouth Gag, 5"
DTP42256	Feline Mouth Gag, 3"

Plastic Cheek Retractors

- Ideal for pulling back the lip corners of canines or felines for access to the caudal part of the mouth

Item Number	Description
DTP42257	Small, 1 1/2" wide - feline
DTP32590	Large, 2" wide - canine

Senn Retractor

- Indispensable for gingiva and cheek retraction
- Right-angled, single blade at one end
- Curled, three-pronged claw at the other end

Item Number	Description
DTP42260	Senn Retractor

Atraumatic Lip Retractor

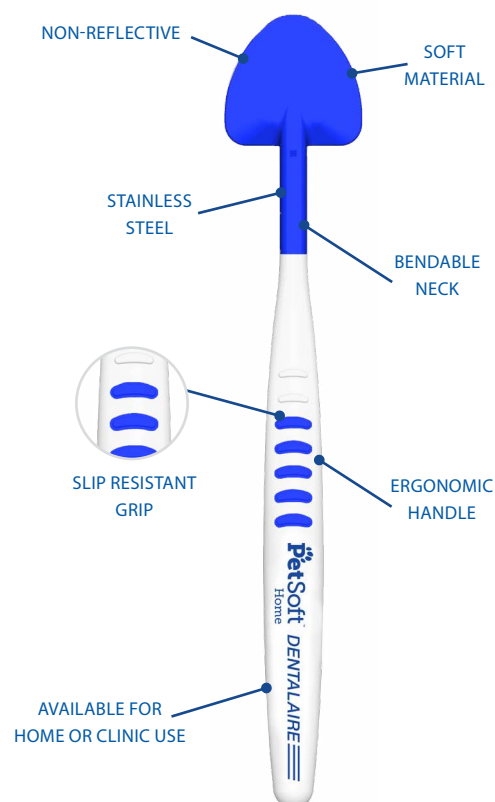

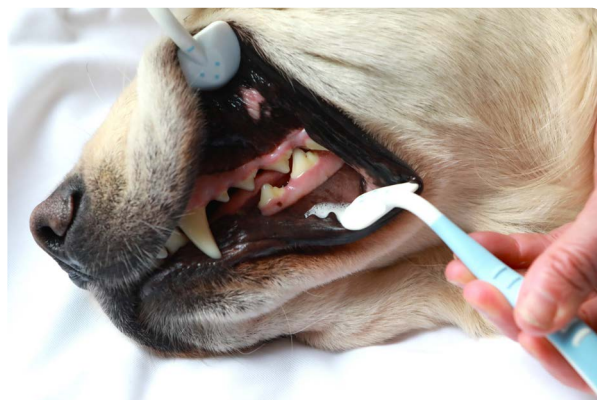

- Developed by Dr. Tony Woodward
- Gentle and flexible
- Ends of the instrument include jaws that can be gently bent to accommodate different lip thicknesses
- Do not autoclave

Item Number	Description
DTP42258	Atraumatic Lip Retractor

PetSoft™ Home

- Single multi-use for home care designed with pet owners and clinics in mind
- Safe and effective retractor used to look and monitor dental health or injuries that occur in the mouth at home
- Ergonomic, soft, and bendable tip offering comfort to companion animal
- Easily monitor tartar build-up and view the entire mouth
- Simple to clean and keep hygienic by rinsing with warm water after use
- 12 large and 12 small sizes per pack
- Dishwasher safe
- Dimensions (Small): Weight: 0.40 oz; Overall Size: 18 cm long, 1.4 cm handle size; Delta Shape Size: 2.6 cm long, 2.7 cm wide, 0.53cm thick
- Dimensions (Large): Weight: 0.50oz; Overall Size: 18.7 cm long, 1.4 cm handle size; Delta Shape Size: 3 cm long, 3.1 cm wide, 0.53 cm thick

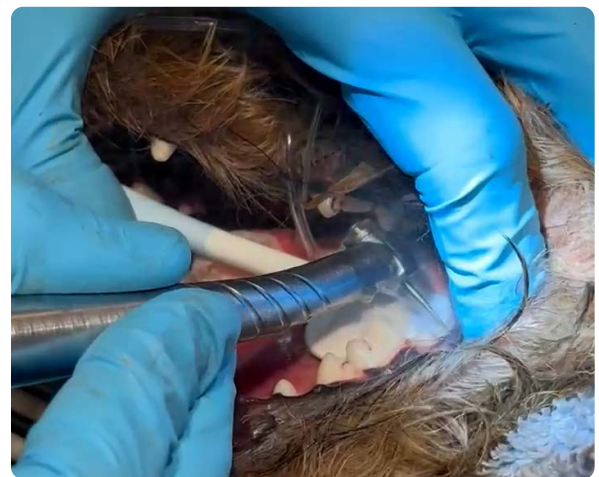

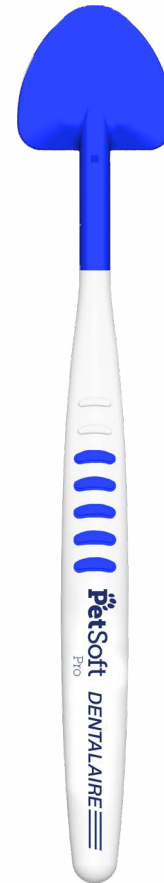

Item Number	Description
DTP10973	PetSoft Home, 24 Pack for Home Care

PetSoft™ Pro

- Designed exclusively for professional use at clinics to improve access, visibility, and comfort during procedures and exams
- Ergonomic, soft, and bendable tip to customize retraction
- Textured surface to prevent slippage of tongue and other soft tissues
- Non-reflective material for laser procedures
- Autoclavable for 30 cycles
- 6 large and 6 small sizes per pack
- Dimensions (Small): Weight: 0.40 oz; Overall Size: 18 cm long, 1.4 cm handle size; Delta Shape Size: 2.6 cm long, 2.7 cm wide, 0.53cm thick
- Dimensions (Large): Weight: 0.50oz; Overall Size: 18.7 cm long, 1.4 cm handle size; Delta Shape Size: 3 cm long, 3.1 cm wide, 0.53 cm thick

Item Number	Description
DTP10972	PetSoft Pro (Autoclavable), 12 Pack for Professional

Molar Extraction Forceps

- Designed to grip without crushing
- Most abscesses around the rabbit head have their origin in molar tooth roots

Item Number	Description
DTP454600	Molar Extraction Forceps

Molar Rasp

- Used to remove tooth spurs without damaging the delicate root structure

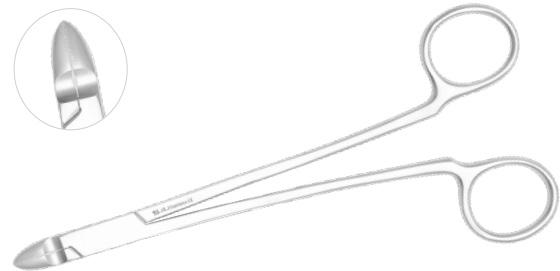

Item Number	Description
DTP454800	Molar Rasp

Rodent Molar Cutters

- Used to trim spurs and hook angles
- Unique shape enables the surgeon to see what is being cut

Item Number	Description
DTP454650	Rodent Molar Cutters

Rodent Bur Guard

- Soft tissue protector used on low-speed handpieces

Item Number	Description
DTP02443	Rodent Bur Guard

Rabbit Incisor Luxator

Item Number	Description
DTP454700	Rabbit Incisor Luxator

Rodent Mouth Gag

- Essential tool when examining the mouth of a rabbit

Item Number	Description
DTP454500	Rodent Mouth Gag

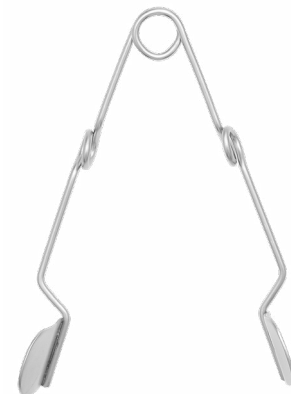

Cheek Dilators

- Allow visualization of molars and protects cheeks from instruments
- Useful as a gag for guinea pigs and chinchillas

Item Number	Description
DTP454550	Small Rodent Cheek Dilator
DTP454555	Large Rodent Cheek Dilator

DTP454550

DTP454555

Rodent Dental Instrument Kit

- Designed specifically for rodent patients

Item Number	Description
DTP454850	Rodent Dental Kit

This set includes the following instruments:

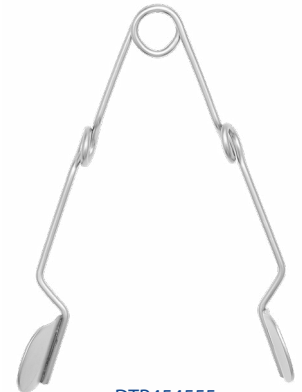

DTP00300	Instrument Case
DTP454500	Rodent Mouth Gag
DTP454550	Small Rodent Cheek Dilator
DTP454555	Large Rodent Cheek Dilator

CURING LIGHT

PLUGGER/SPREADERS

GUTTA PERCHA POINTS

SHARPENING KIT

Bonded Sealant Kit

The **Bonded Sealant Kit** is used to help smooth the fracture site, decrease plaque adherence, calculus accumulation, and decrease soft tissue irritation from the fractured surface. Plugging the dentin tubules with the bonded sealants minimizes sensitivity and helps prevent infection of the pulp chamber.

This kit has all you need to start applying bonded sealants for exposed vital dentin and bonding composite restorations and can treat about 30-44 teeth.

Kit Includes:

- Etch 37% (5mg Syringe) - Color Blue
- One-Step Universal Light Cure Dental Adhesive
- Fortify Surface Sealant
- Super-Snap Mini Kit
- Disposable Mixing Wells (48 count)
- Disposable Applicators (Orange, 100 count)
- Blue Tip Etch Gel Pack (10 count)
- Latch Type Contra Angle Eco.

Item Number	Description
DTP99950	Bonded Sealant Kit
DTP99955	Restorative Bonded Sealant Kit #1 with Clear Blue Curing Light
DTP99956	Restorative Bonded Sealant Kit #2 with Clear Blue Curing Light, Flowable Composite, general-purpose composite, and the Woodson PFI Plastic Filling Instrument

Clear Blue Curing Light

The **Clear Blue LED Curing Light** is portable, quiet, and powerful. The digital display on the handle is simple to read and offers 3 different modes (Strong, Soft Up, and Pulse) for the device.

- With LED light, it never heats up and offers a power supply of 100V to 240V
- Curing times are faster than traditional halogen lights
- Kit includes: handle, light guide rod, charger, and charger base
- 1 year warranty excludes parts and accessories

Item Number	Description
DTP00683	Clear Blue Curing Light
DTP00689	Angled Light Guide
DTP00683-C	Clear Blue Curing Light Charging Base
DTP00683-B	Clear Blue Curing Light Battery

DTP00689

DTP00683

Super-Snap® Polishing System

Designed for easy, safe, and fast contouring, finishing, and polishing of both micro-filled and hybrid composites.

Kit Includes:

- 180 disks (100 standard, 80 mini)
- 40 poly strips
- 2 dura-white stones (shapes CN1 and FL2)
- 1 Composite Fine and Mid-Point
- 4 CA Mandrels

Item Number	Description
DTP24490	Super-Snap® Polishing System

Super-Snap® Mini Kit

Kit Includes:

- 48 disks (32 standard, 16 mini)
- 1 Composite Fine and Mid-Point
- 1 CA mandrel

Item Number	Description
DTP24491	Super-Snap® Mini Kit

DTP1102P	One-step 6ml bottle
----------	---------------------

One-Step Plus®

- Light-cured single-component adhesive
- Bonds to a multitude of dental substrates, including self-cured and dual-cured materials
- Formulated with filler particles to help reduce post-operative sensitivity

Item Number	Description
DTP2001P	One-step Plus 6ml Bottle

All-Bond 2® Primer A & B Set

- Dual-cured adhesive material designed for use in all bonding procedures
- Comprehensive ability to bond dentin, enamel, composite, precious, semi-precious, and non-precious casting alloys, and silane-treated porcelain

Item Number	Description
DTP2510A	All-bond 2 Primer A & B Set

All-Bond 2® Kit with Uni-Etch® 32% w/BAC

Universal dental adhesive, which is still unsurpassed in its ability to bond to dentin, enamel, new or old composites, and amalgams. It has a dual-cured primer, that can be used with or without a light cure unit. Includes an antimicrobial etchant that disinfects at the same time.

Kit Includes:

- Primers A & B (6ml bottle)
- D/E Bonding Resin (6ml bottle)
- Pre-Bond Resin (3ml bottle)
- Syringe
- Syringe Uni-Etch w/BAC (5g)

Item Number	Description
DTP42500	All-Bond 2 w/Etch, DE Resin, Prebond Kit

All-Bond 3® Bottle Kit

- Micro-mechanically bonds to substrates
- Compatible with light, dual, and self-cured materials
- Offers increased hydrophobicity for a long-lasting adhesive bond
- HEMA-free, radiopaque
- Reduces chances of misdiagnosing caries

Item Number	Description
DTP36200K	All-bond 3 Bottle Kit

All-Bond Universal® Bottle

- Not moisture sensitive
- Use on wet, dry, or moist tooth surface
- Virtually no post-operative sensitivity
- Contains MDP monomers for enhanced durability
- Bonds to all substrates

Item Number	Description
DTP7202P	All-bond Universal 6ml

Uni-Etch® 32% Syringe

- 32% semi-gel phosphoric acid etchant
- Blue color for easy visualization
- Etchant rinses away cleanly and quickly
- Creates micro retentive surfaces that are necessary for successful bonding

Item Number	Description
DTP5501E	Uni-Etch 32% 5gm Syringe

Etch-37™ w/BAC

- 37% semi-gel phosphoric acid etchant
- Blue color for easy visualization
- Etchant rinses away cleanly and quickly
- Creates micro retentive surfaces that are necessary for successful bonding

Item Number	Description
DTP5503E	Etch-37™ 37% 5gm Syringe
DTP5638E	Etch Gel 37% 30gm Bulk Bottle

Phosphoric Etchant Syringe Tips

- Light Blue Phosphoric Etchant Syringe Tips used with Uni-Etch® and Etch-37™
- 30 per pack

Item Number	Description
DTP5503F	Syringe Tip

Fortify™

- Light-cured, low-viscosity resin formulated for use as a composite surface sealant
- Improved wear resistance and long-term marginal integrity
- Effective with all anterior/posterior composites

Item Number	Description
DTP9031F	Fortify 5ml bottle

Mixing Wells

- Ideal for adhesives, opaques and all materials dispensed in small quantities

Item Number	Description
-------------	-------------

DTP80496	Mixing Wells

Aeliteflo™ Syringe Shades

These flowable composites are versatile and can be dispensed and injected into the preparation without dripping or slumping.

- Easy handling for effortless adaption to dentition
- Micro-hybrid formula provides outstanding strength
- Ideal for Class V restorations, Class III's and small Class IV's

Item Number	Description
DTP671A2	Shade A-2, refill 1.5gm. Syringe, Light Cure/Flowable
DTP671A3	Shade A-3, refill 1.5gm. Syringe, Light Cure/Flowable
DTP673C2	Shade C-2, refill 1.5gm. Syringe, Light Cure/Flowable
DTP674D3	Shade D-3, refill 1.5gm. Syringe, Light Cure/Flowable

DTP671A2

Aelite™ All-Purpose Body Syringe

Aelite All-Purpose Body is a durable, light-cured, universal micro-hybrid composite suitable for all applications from Class I through Class VI.

- High compressive strength
- Designed to blend with surrounding dentition
- Radiopaque for easy detection on radiographs
- 4g syringe

Item Number	Description
DTP814A2	Aelite All-Purpose Body Composite (Shade A-2)
DTP814A3	Aelite All-Purpose Body Composite (Shade A-3)
DTP814C2	Aelite All-Purpose Body Composite (Shade C-2)
DTP814D3	Aelite All-Purpose Body Composite (Shade D-3)

DTP814A2

Visible Light Cure Calcium Hydroxide Liner

- Used as a liner in cases of near pulp exposure and for vital pulp therapy after placement of calcium hydroxide powder on the exposed pulp tissues
- Light cure polymerization is convenient and shortens clinical procedure times

Item Number	Description
DTP10575	Visible Light Cure Calcium Hydroxide Liner

Protemp Plus Intro Kit

Protemp Plus is a composite material for the fabrication of temporary restorations. Based on multi-functional methacrylate esters, this two-component system has filling material-like properties.

Kit Includes:

- Base paste/Catalyst Paste (1 count, 67g)
- Garant Dispenser 10:1 (1 count)
- Garant Mixing Tips - Blue (16 count)
- RelyX Temp NE Base Paste (1 count, 30g)
- Catalyst Paste (1 count, 13g)
- Filtek Supreme Ultra Flowable Paste A 2 (2 count, 4g)

Item Number	Description
-------------	-------------

DTP46201	Protemp Plus Intro Kit

Eugenol Liquid

Non-irritant liquid to be mixed with Zinc Oxide powder in order to fabricate a low-strength Zinc Oxide Eugenol (ZOE) temporary cement.

- Serves as a temporary tooth filling or as a base cement to affix a temporary tooth filling
- Affix dental devices such as crowns or bridges
- Applied to a tooth to protect the tooth pulp

Item Number	Description
DTP10153	Eugenol Liquid 1 oz.

Finger Spreaders

- Used for laterally spreading gutta percha in root canal procedures
- Set of 6 assorted, 25mm, color-coded
- Sizes #15-40

Item Number	Description

LIMITED WARRANTY

Dentalaire warrants its products to be free from defects in materials and workmanship only. No other warranties are expressed or implied.

Air Compressors and Portable Units

All compressors and portable dental units including wall-mounted and countertop units are warranted for one (1) year with the exception of:

- Prestige Dental Station (2 years)
- Diplomat Dental Station (2 years)

X-ray Imaging

- DTX Digital Dental Imaging Sensors (3 years)
- DC X-ray Generator Wall Mount and Mobile (2 years)
- DHX Handheld X-ray Generator (1 year)
- DTX IO Camera (1 year)
- DHX Handheld Battery (6 months)

Miscellaneous Products

- Water Distiller (1 year)
- Service Parts (3 months)

Instruments

- Dentalaire and VetCare instruments (1 year)

If any of our instruments break, chip, or bend during any dental procedure, Dentalaire will replace the instruments at no charge. Defective item(s) must be returned to us for exchange.

Terms and Conditions

Terms of payment will be established by results of credit report/references. Once credit terms are established, invoices will reflect terms extended by Dentalaire:

- | | |
|--|-------------------------|
| • Order placement/information to include | • Product Description |
| • Invoice to/Ship to information | • Quantity |
| • Purchase Order Number | • Desired Shipping Date |
| • Product Number | • Method of Shipment |

Note: Opened handpieces and equipment may not be returned for credit, but will be repaired or replaced in accordance with manufacturer warranties. All warranty items, anything after 90 days, customer is responsible for the freight. Please inspect all packages carefully prior to opening.

Returns

All items must be returned within 30 days of purchase in like new condition with all original packaging. A 25% restocking fee will apply to all returns. Returns will be inspected before a credit is issued. Items cannot be returned after 30 days.

Disclaimer

THE ABOVE WARRANTIES ARE VOID IF ITEMS ARE CARELESSLY USED, IMPROPERLY INSTALLED, IMPROPERLY STERILIZED, AND/OR MISUSED. NO CLAIM FOR LABOR OR CONSEQUENTIAL DAMAGES WILL BE ALLOWED. SHIPPING IS THE RESPONSIBILITY OF THE CUSTOMER. ANY DISCREPANCIES IN YOUR ORDER MUST BE REPORTED WITHIN 10 DAYS OF RECEIPT OF THE ORDER.

Handpieces and Accessories on Dental Stations

Proof of invoice is required and defective scaler tips are to be sent back:

- High-speed handpiece (1 year)
- High-speed turbine (3 months)
- Low-speed handpiece (1 year)
- True Seal prophyl angles (1 year)
- Economy prophyl angles (3 months)
- Scaler tips (3 months)
- LM Piezo Ultrasonic Scaler handpiece (1 year)
- Metal Piezo Handpiece (1 year)

All other prophyl angles and tips are not applied. Warranty is limited repair, parts, or replacement of item by Dentalaire. All other warranties are described in the individual product description.

Scalers and Micromotors

- Newtron® Booster (2 years, 90 days scaler tips)
- Newtron® P5 with LED (2 years, 90 days scaler tips)
- Piezotome® Cube (2 years, 90 days scaler tips)
- Cocoon Spray (1 year, 90 days scaler tips)
